General Remarks / Accomplishment	s:				

8:00am EU reviewed the SITREPs and overnight activities.

9:00am General Staff Meeting. EU asked that the SITREP discontinue posting quantitative sampling values until they are validated by EU.

10:00am EU collaborated with CDC on the private water well sampling process. EU contacted Greg Lyssy in the JFO to request contact information to share with CDC to facilitate obtaining a "go ahead" from JFO to CDC to get a sub mission statement for EPA.

- 1:00pm TAGA parts arrived and replaced the vacuum pump. TAGA is testing and checking the system. The Las Vegas TAGA is expected to arrive in Houston late today.
- 1:20pm R6 HQ EU conference call: R6 briefed HQ on the status of ASPECT and TAGA. Briefed HQ on the paused status of the private well water testing program. Briefed HQ on the importance of controlling the release of quantitative sampling values before they are approved by R6 RICT to assure consistent messaging.
- 3:30pm EU updated the ink boards with relevant data and illustrations to facilitate visitors.
